## Candelabrum

**Date**

c. 1825

**Primary Maker**

Unknown

**Medium**

marble and bronze

**Description**

One of a pair of three-branched candelabra composed of yellow marble and bronze ornamentation. The candelabrum features three foliate branches centered around a trumpeter flower column with a torch or flame finial. The branches are supported by a solid tapering cylindrical column of marble set in a base designed as three bronze lions sitting back to back on top of a marble tripod base.

**Dimensions**

22 3/4 × 5 1/2 inches (57.8 × 14 cm)
