

Basic Detail Report

Sconce

Date

c. 1810

Primary Maker

Unknown

Medium

Glass and ormolu

Description

One of four sconces with three candelabra arms attached at the base by an Egyptian head mask. The sconce has three semi-circular rings, which define the shape of the sconce with the top band supporting five arched branches covered in crystals terminating in a long prism. Between the rings are strands of small crystals linked together by tiny brass rings. Hanging from the bottom ring and each candelabra arm are a crystal and a prism.

Dimensions

30 × 12 1/2 × 12 inches (76.2 × 31.8 × 30.5 cm)
